Dear Robert

Just a note to thank you for your time & services!

From day one, I have always considered you much more than a business associate!

It was a pleasure to invite you to our home! I am sorry our life style is so erratic, we always run by the clock & Jenny always comes first.

According to your instructions, it was difficult but all sheets have been initialed.

Enclosed please find your fee!

We very much appreciate your availability. Sincerly Terry Turner
